

**Advantage Moving & Storage
2641 Corporate Parkway
Algonquin, Illinois**

Constructed in 2004, this building was specifically built from the ground up to meet the needs of the client. The warehouse features 33' high precast panels, an interior drive thru for truck loading, 1,000 s.f. of dispatch offices/ employee lounge, and three truck docks. The two story, 5,000 s.f. office area consists of precast construction with a peaked, synthetic slate roofing material. The first floor includes a large conference room, an open reception area, and an employee lounge. Surrounded by a large expanse of windows, a staircase leads to the executive offices on the second floor, which also contains a private washroom and kitchenette.
