

To Whom It May Concern:

My name is Tom Crowley, president of MBX. We are a server appliance and PC manufacturing company located in Wauconda. We purchased a 10,000 square foot building in Wauconda in January of 2005. We submitted bids to three general contracting firms for the reconstruction of the facility. It was a very detailed plan, and I was under tremendous time pressure. Not only did they scrutinize the plans during the bidding process to confirm the hundreds of details to insure a fair bid, they returned it to me the fastest. Best of all, it was the lowest price, and they completed the project on time!

Travis and Kris were excellent. They are extremely detailed and conscientious. They seemed to go about this project as if it was their own building.

Consequently, I would like to give my whole-hearted recommendation of the Construction arm of Platford Corporation. If you ever need a general contractor, just call them. You will not regret it.

Please contact me if you have any further questions.

Sincerely,

Tom Crowley
President
MBX
